## board of directors

### Guiding the Bluetooth SIG and Bluetooth Wireless Technology

The Board of Directors is the oversight and steering group for the Bluetooth SIG. The board is composed of one representative from each Promoter member company, plus Associate Member Directors (AMD) who serve a two-year term. For more detailed group information, visit the [Board of Directors landing page](#).

The board meets face-to-face once per quarter and via phone twice per month. If you would like to see the details of all the board minutes, please visit our [board minutes archive](#).

### Feedback

The Bluetooth SIG welcomes all ideas and topics members wish to address. Please feel free to send your comments and ideas to Executive Director [Mark Powell](#).
